FAST and EASY Instant Shipping Options!

Online shipping is as convenient as ever! Just pack your pieces with your Order Form in any box, seal with tape and use either the Post Office's or UPS's online shipping service. SIMPLE!

United States Postal Service Click-N-Ship®

You can print out and pay for a USPS shipping label online right now...and then schedule a pick-up from your home or office online. Just go to the Click-N-Ship® site <https://sss-web.usps.com/cns/landing.do> and once you've completed your label, simply click on the **Carrier Pickup** link to request next day pickup. Of course, you may drop off your package at your local Post Office or hand it to your delivery carrier, too. Whichever works best for you.

Or United Parcel Service (UPS)

The same kind of services are available from UPS. Just go online, register on their site, and create and pay for your shipping labels. (Registration is a little more involved with UPS than with the Post Office.) Go to this site: www.ups.com/content/us/en/index.jsx. Then Click on the Quick Link for **Create a Shipment**. Register...and then follow the directions including paying by credit/debit card.

Or just cut out the mailing label above and use it to ship your order by any carrier you prefer.

Your order will be shipped 3-5 weeks from when it is received.
